College is people . . . people studying, playing, working. Missouri Southern College is administration, faculty, and student body participating in the process of higher education. Yet of the nearly seventeen hundred persons in MSC, each is unique—a developing individual.

homecoming: we went plumb out of our heads

Mr. David Bingman (on the right)

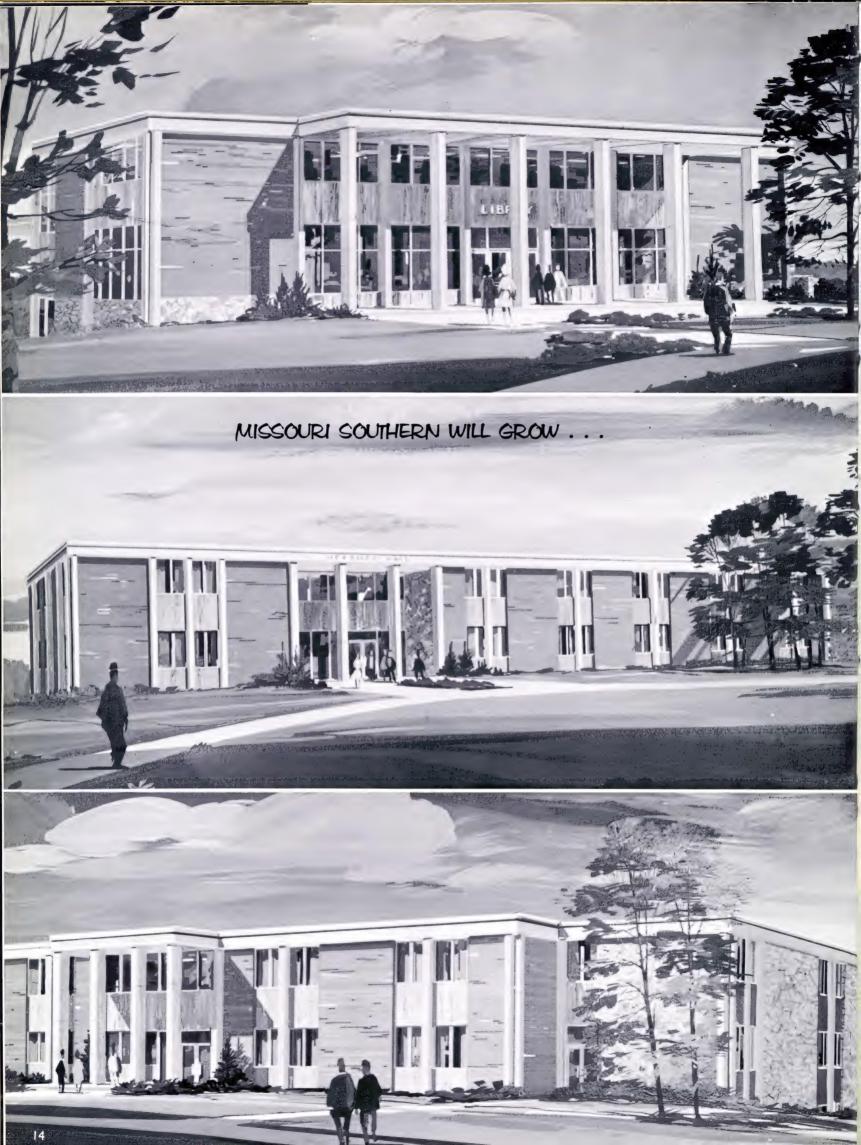

The Missouri Southern story, like that of all colleges, includes the student in the classroom, the laboratory, and the library. Motivated by the professor, with the aid of tests, resource material, and laboratory equipment, the student is experiencing ideas, theories, and processes. Thus the professor and student interact to inspire growth. This is the pattern of our college program.

Bil Molloy Joe Hughlett, Mr. Jensen, Larry Munn, Kenneth Wise.

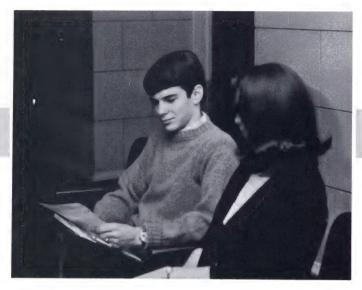

Important decisions were made during the summer concerning future plans for MSC. The drawings at the left reflect a glimpse of the old South and set the architectural style for Missouri Southern. In recognition of Governor Hearnes' loyal support, the city of Joplin renamed south Main Street, Hearnes Boulevard, and the Board of Trustees named the new administration building, Hearnes Hall. This year we saw the wonders of engineering transform a maze of design into forms of brick, steel and mortar which attracts the eyes of all.

The Summer Cabinet relaxes at Mr. Boles award winning pool.

Phil Doran

Action and intensity—two key words of youth! They can be seen on the face of a solitary young man intent on arriving at his destination, felt in the midst of a group of students and ...

. . . they can be heard in the voice of the cafeteria, in a solitary folk song, and magnified by the yells of a spirit roused crowd.

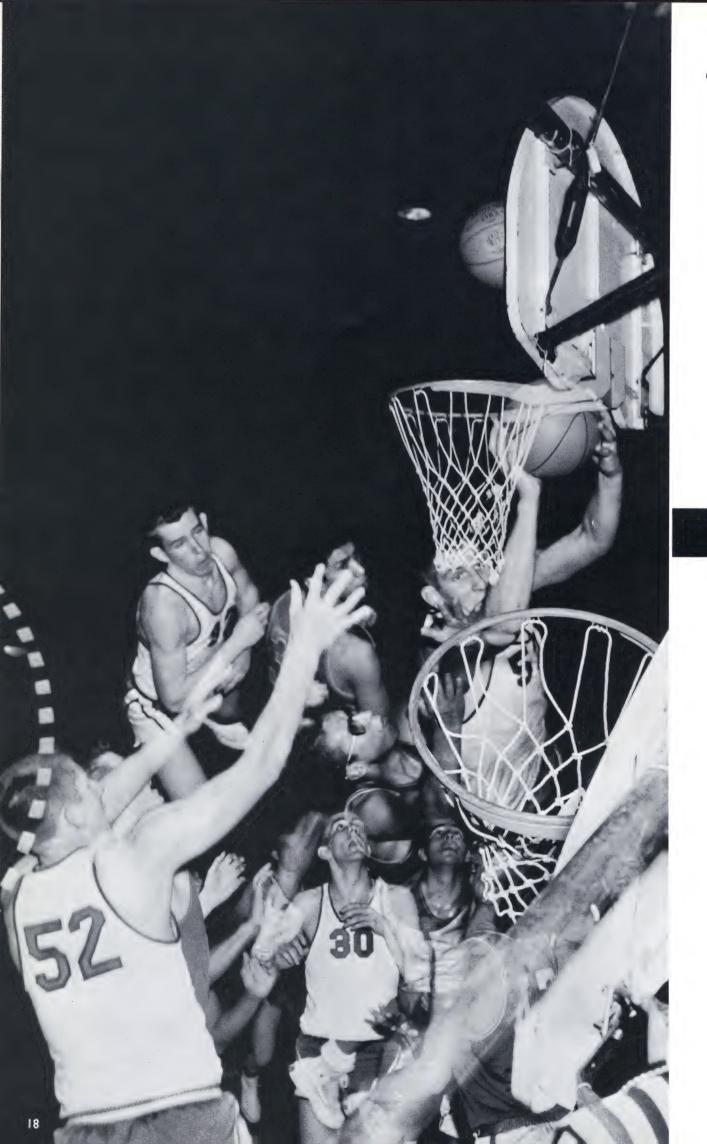

John Mack, Richard Jaynes.

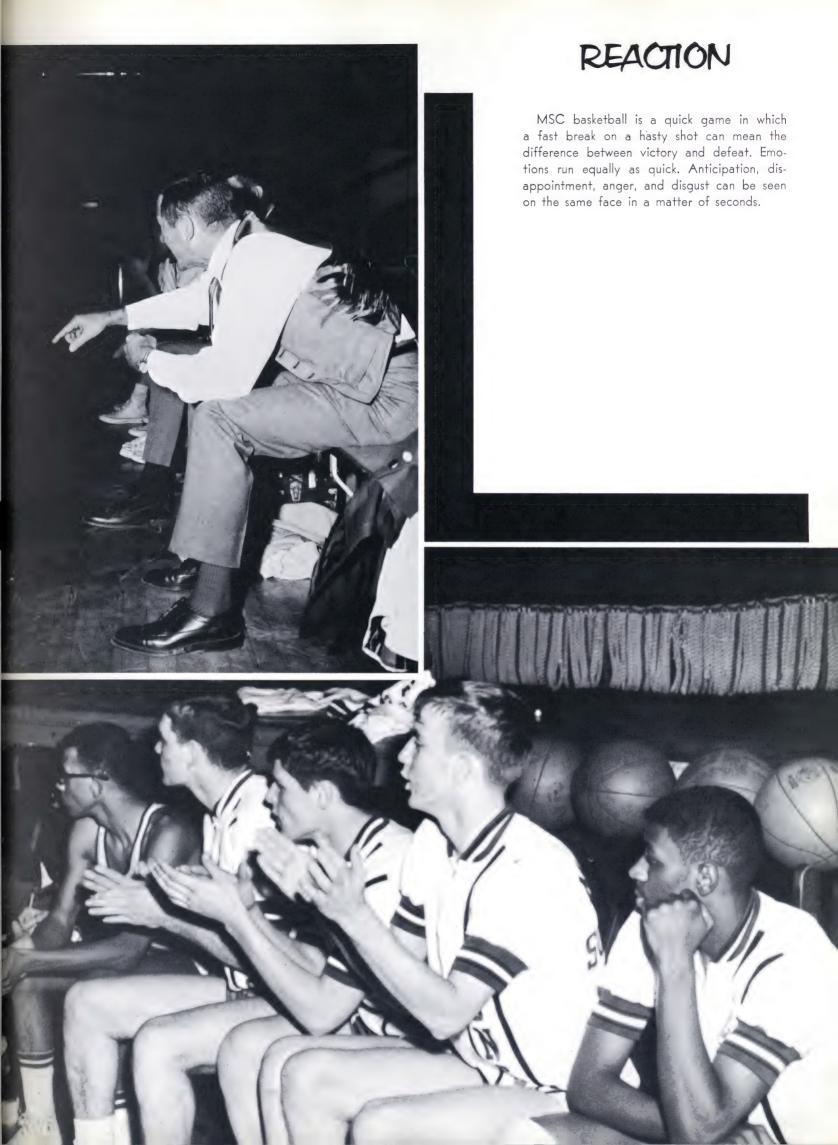

Linda Grainger.

Charles Moore.

ACTION

In the halls, classrooms, and cafeteria, students are constantly accompanied by others. It is in this area that rules and the will of the individual student often clash. The result . . .

But occasionally, he withdraws from the masses to work, seek pleasure in himself, or to think.

RISE ABOVE IT!

"Did I miss anything important in class yesterday." "Who is F.D.R.?" "ink Only" "I don't care whether you get your work or not." "Now that Easter vacation is near, I feel you should know about your term paper." "Absolute quiet during this test, students. By the way, have I told you about my dogs." "Do you have a pencil I can borrow?" "Number one . . . " "Why are you taking this course?" "I have a little job for you." "I'm sorry, son, You just flunked." "You should know this by now." "When I was in college ..." "Manifest Destiny." "I'd like to see you after class."

"Don't sit on the steps."

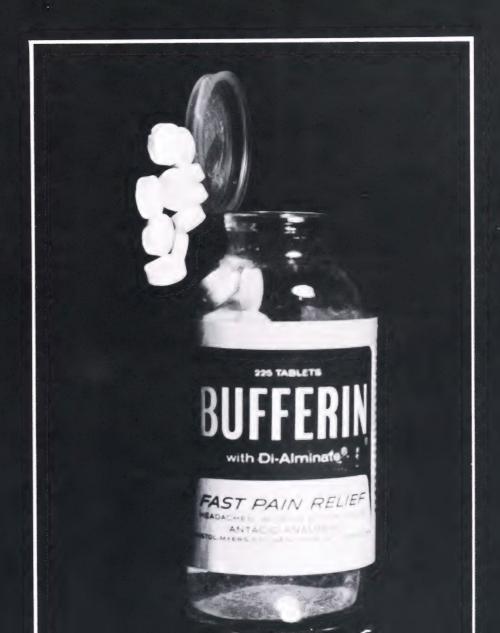

"Unity, Emphasis, and Coherence."

"Attention! The following classes are now closed: . . ."

"Would you please go through the steps of Meiosis again, sir?"

"QUIET!!"

"Do I have to spell correctly?"

SPIVA ART CENTER

All art classes are held in this new addition to our college.

SENATE

Results of the hard work and long hours of planning by the Student Senate are easily seen from enrollment to graduation. However there is much Student Senate activity that is not as quickly realized by the student body. For example, most students know that the football Homecoming was sponsored by the Student Senate, but how many realized that the publicity given to the game by the Student Senate aroused public interest, school spirit, and was, to some extent, responsible for the first overflow crowd at Junge's Stadium. Or, how many students knew that the Student Senate gave financial support to many campus organizations which enabled them to serve our college better? Few students stop to find out how our Student body constitution was drawn up and revised year by year to meet the needs of an ever increasing enrollment. Tedious hours were spent compiling names, statistics, and other data for the largest Student Directory in the history of our college. Over one thousand dollars was spent for student social, and intellectual activities that have helped to round out the MSC picture. For this the student body thanks the Student Senate for a job well done!!

STUDENT CHAPTER

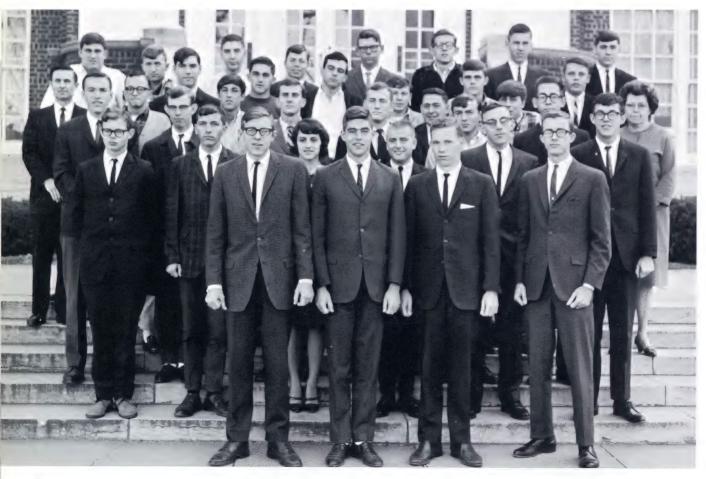

This February, at the annual engineers banquet held in the MSC cafeteria, one of the highest honors that the engineers could receive was bestowed upon them in special ceremonies. Emmitt Green of Algier and Martin Engineering Company presented club president, Joe Hughlett, with a student charter to the National Association of Engineers. Some members of the club also received individual recognition for their merit and scholarship.

MATH

Mr. Arthur Strobel

Mr. Paul Jensen

Students interested in all fields of mathematics find the Math Club a challenging organization. At their meetings, the members study areas of mathematics which are not presented in the classroom. Thus, the club members recive a broad background calculus, differential equations, and mathematical analysis. Officers pictured below are Charles Baker, Vice-President, Melanie Anglen, Secretary, and Clair Howard, President. Members are David Black, Harry Brown, Robert Brown, Gary Hamlin, Dennis Hare, Jane Howell, Joe Hughlett, Mike Mc-Kinney, Dale Mermound, Roger Pennel, Curtis Scribner, and Ed Woods.

A quick glance reveals the interest in the club meeting—a basic ingredient of a successful organization.

CIRCLE K

Circle K International is a service organization devoted to service to the school and community. This year Circle K sponsored a collection of food for Christmas baskets, conducted a clothing drive to help the underprivileged in Appalacia and was the host to the district convention of Circle K International. Through its many activities, Circle K stresses responsibility and leadership among its members.

PHI THETA KAPPA

Phi Theta Kappa is a national scholastic fraternity that has as its purpose the promotion of scholarship, the development of character, and cultivation of fellowship among students. Membership is determined by grade point average and recommendation from the faculty and administration. This year the organization participated in the freshman orientation program and Phi Theta members served as advisors to freshmen throughout the year.

COLLEGIATE COUNCIL FOR THE UNITED NATIONS

The members of the Collegiate Council for the United Nations are pictured in the library doing some of their research work. From left to right, seated: Terry Helton, John Taliaferro, Nancy Johnson, Betty Belkham, Rayma Coy, Bob Jordan, Ron Ford; standing: John Moore, Gerg Barnard, Mike Schoeberl, Dennis Goddard, and Lee Combs.

The Missouri Southern College Chapter of the Collegiate Council for the United Nations was organized to gain a better understanding of the community and world in which we live.

The Collegiate Council for the United Nations conducts a Midwest Model United Nations meeting, which is a mock session of the United Nations that meets in St. Louis each Spring. Approximately seventy colleges and universities send delegates. MSC is in stiff competition with such universities as Drake, Cornell, Grinnell and Notre Dame.

This year the CCUN delegation from MSC was chosen to represent France. This was an honor, as the troubled areas are assigned to the delegation who in previous years have been most effective in representing their countries. Our CCUN was chosen as a model delegation to appear in a publication which will be distributed to colleges and universities, and submitted to Life, Look, Time, and other national magazines. Our well dressed delegation was suited in their dark green blazers with the name France on the emblem.

An honor received by the delegation was having their Assistant Head Delegate, Dennis Goddard, as the first student from MSC to be nominated for an office in the 1967 Midwest Model United Nations.

Annetta St. Clair, sponsor for CCUN worked very closely with members of the organization. She edited speeches, baked cookies, washed cars, collected pop bottles, got married, sold rummage, and at the same time carried on her professional duties.

Missouri Southern's theater ran the full range of drama this season in producing "The Heiress", "Oedipus Rex", "Liliom", and "Ralph Roister Doister". Because of the Crossroad's deadline, it could not review the final shows, but we can declare their excellence by looking backwards to the final shows of last season . . . "All the Way Home" and "The Taming of the Shrew."

MSC NO. 3 IN THE NATION

Student Manager: Randy Switzer

Backfield Coach: Doug Landrith

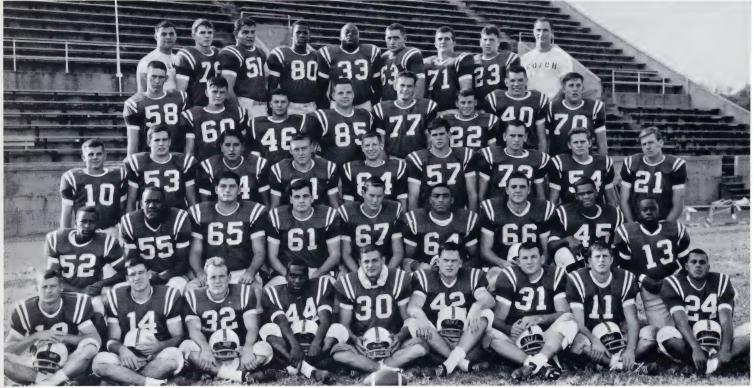

AN HISTORIC FIRST

In the 1964 season the key word for the year was almost. The year was marred with some losses, but we finished as interstate champs.

In 1965, the key word was perfect. Ten wins, no defeats, and another inter-state crown . . . the 1965 Lions had all the ingredients for a perfect year . . . leadership, teamwork, depth, and an extensive series of plays. Team leadership was provided by all the sophomores, particularly the co-captains of the team, Curtis Jones and Juddy Smith, and a great coaching staff. Teamwork was an obvious asset of the Lions. And the tremendous depth was revealed by the versatility of the individual players.

Ist Row: Dye, Fretwell, Keys, Witherspoon, Mack, Barnhart, Alexander, Hutchison, Simmons. 2nd Row: Bean, Sanders, Drouin, Moehling, Cumbie, Jones, Urbanowicz, Turner, Fountain. 3rd Row: Wade, McKnight, Peak, Clenn, Gilbert, Winslow, Williamson, Trawick, Sutton. 4th Row: Drake, Wood, Fronterhouse, Walker, Lamb, Harris, Ledl, Woddard. 5th Row: Jennings (assis. coach), Fritchey, Ryder, Frazier, Mitchell, Gerke, McKillip, Wilkerson, Gold (assis. coach).

The year began with a little bit more than just hope. Somehow a spirit of assuredness instilled a new enthusiasm into MSC students. Instead of declining as it had in the previous years, the spirit grew to insurmountable heights. Every game seemed to be a climax only to be topped by the next. As the games were won, eyes began to look forward to homecoming, when the Lions would face the number 4 team in the nation. As the time drew closer, we had gained a new standing . . . the number 5 Lions would play the number 4 Greyhounds. This was a time when school spirit was worn externally. "Greyhounds are for buses" became the byline. We waited expectantly . . .

The night came and found a capacity-plus crowd pushing through the gates two hours early. The crowds were ready, the coaches were ready, the boys were ready. And the result . . .

THOSE PO-O-O-R GREYHOUNDS

How could we lose with two receivers? This time, however, Don Bean (22) caught the touchdown pass.

Juddy Smith, just recovered from a sprained ankle, moves out to help the team to victory.

No explanation needed here!

BASKETBALL

The athletes who made up the third place conference champs are Doug Landrith's hardworking Lions: from left to right: Ron Rosewicz, Jim Austin, Doug Claxton, Fry Nash, Wilson Lounis, Alan Toler, Harry Reaves, Jerry Laflen, Jim Kistler, Dave Hokanson. Pictured with the team is coach Doug Landrith.

Harry Reaves topped the team in high points with 407 for the season. Harry, is a 5' II'' guard and a sophomore from Joplin.

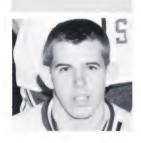

Ron Rosewicz is the second highest man this season in point standings with 219. The tallest of the team standing 6'5", Ron is a freshman center from Wheaton.

Wilson Lounis came in third with his 216 points for this season's total. A freshman from Carthage, Wilson is a 5'11" forward.

Doug Claxton finished with 214 points for a season total. Doug, a freshman from Joplin, gives more height to the team with his 6'3".

Alan Toler, a late regular for the Lions, finished with 192 points. This M.S.C. freshman from Everton, is measured at 5'11".

Coach Landrith upstages with his oscarwinning portralal of a basketball coach.
